

Child Protection Safe ministry training Dungog

Providing a safe and caring environment for children is the responsibility of all of us. It is vital that *all* people working with children understand Child Protection legislation.

This workshop will help answer the following:

- How do we create a safe environment for the children in our care?
- How do we identify children at risk of harm?
- What forms do I need to fill out?
- Who is a prohibited person under the child protection act?
- What are the Department of Education and Training Requirements?

**Saturday
May 24th
2008**

9:30am to 1:00pm

**Christ Church
Anglican Hall,
Dungog**

Tea and coffee provided
